The Round of Existence 46

Valsan, Michel
Notes on the Shaikh al'Alawi (1869-1934) . . . 145

God sends us nothing that is too hard or too painful to bear. He proportions all to our strength and abilities. Our trials are suited to our needs as the glove to the hand of the wearer. All things will contribute to our sanctification if we but co-operate with the designs of Divine Providence.

St. Alphonsus Liguori.
